

South Dakota Unified Judicial System

Criminal Record Search Requests

All requests made by political subdivisions of the State of South Dakota and any federal agencies are exempt from the \$15.00 record search fee set by state statute in conjunction with official business. All court information South Dakota is public information as long as a record is not sealed by a judge. Juvenile records are considered to be non-public court information unless the defendant was charged as an adult or traffic violations. Full name and Date of Birth are required. Social security # is helpful to ensure selection of the proper individual(s).

5 The search you requested is a court records search based on information you provided. The search results may include criminal court data from January 1989 to present, civil court data from January 2006 to present, active money judgments for the past twenty years, and/or inactive money judgments since April 2004, **DEPENDENT ON THE TYPE OF SEARCH REQUESTED**. Records returned are only those that precisely match this information. There may be instances where fine and cost information will appear immediately below a dismissed charge. The amounts indicated are accurate for a different charge but there should be no fine and cost information related to a dismissed charge. You should contact the Clerk of Court office where an original action took place to correct any misinformation. During the transition of our case management system, two reports will be generated for each request. Both reports are necessary to ensure an accurate statewide search. If you do not receive two reports, please inquire with the Clerk of Court.
